January 2017

Volume 1

Issue 1

HCPL has updated to the new **OverDrive**, which is a completely refreshed website and app experience that makes your digital library faster and easier to use than ever before. What's changed? Enhancements include:

BETTER BROWSING: simple availability banners, new ways to find titles, new account-level audience filters, and the whole digital library on any device

EASIER BORROWING: more options for signing in, easy-to-customize lending periods, instant access to titles from the details page, a "books" icon which takes you right to borrowed titles

OTHER IMPROVED FEATURES: improvements to placing and retrieving holds, instant recommendations for your library, and changes to the renewal process

These topics and more are all hyper-linked right on the OverDrive Help site so you can get more information. If you still need help or more details, please ask Debbie or Michele for assistance while at the library. You can also call or email to get help when you need it. We're here for you!

Winter is a great time to try some new titles and authors, and browsing the digital catalog is a great way to discover new favorites. Keep in mind that installing the Kindle app on any digital device is a very easy way to access those ebooks and audiobooks you find on OverDrive through your Evergreen account.

Happy reading!
