**FRIENDS BOOK CLUB**

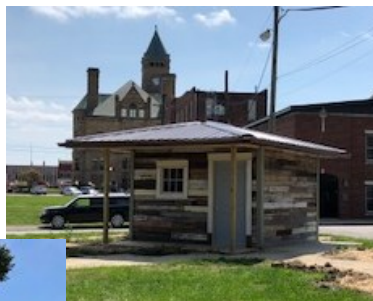

*Clara & Mr. Tiffany*  
**Susan Vreeland**

It's 1893, and at the Chicago World's Fair, Louis Comfort Tiffany makes his debut with a luminous exhibition of innovative stained-glass windows that he hopes will earn him a place on the international artistic stage. But behind the scenes in his New York studio is the freethinking Clara Driscoll, head of his women's division, who conceives of and designs nearly all of the iconic leaded-glass lamps for which Tiffany will long be remembered. Never publicly acknowledged, Clara struggles with her desire for artistic recognition and the seemingly insurmountable challenges that she faces as a professional woman. She also yearns for love and companionship, and is devoted in different ways to five men, including Tiffany, who enforces a strict policy: He does not employ married women. Ultimately, Clara must decide what makes her happiest—the professional world of her hands or the personal world of her heart.

## OUR BOOK CLUB

*Fantastic Beasts and Where to Find Them*  
J K Rowling and Newt Scamander

IT IS FINALLY TIME for wizarding readers to delve into Newt Scamander's classic compendium of magical creatures! Our imaginations will soar with this beautiful, illustrated edition. Muggles, too, will have the chance to discover where the Runespoor lives, what the Puffskein eats, and why shiny objects should always be kept away from the Niffler. Our activities will be splendid as well!

1. What washes up on very small beaches?
2. What do you call an attractive volcano?
3. What did the big flower say to the little flower?

1. Microwaves!
2. Lava-ble!
3. Hey, bud!

There has been lots of progress on our NaturePlay backyard this summer! In addition to the maintenance shed just installed, the splashpad and paths leading to it are in and will be a fun feature for our young library friends!
